Marcus, Ralph

[684 Riverside Dr.]

Returned in the hope that the Society may be able to use it for library purposes or otherwise.

I should be glad to receive, in future, the monographs on Ancient numismatics; those on Modern numismatics may be kept for the Society's reserve stocks.

New York City.

Dear Mr. Marcus:

Thank your very much indeed for the copy of "United States Half Dimes" which you have returned to us, with the suggestion that we may be able to use it for library purposes or otherwise. Your thoughtfulness is very much appreciated and I feel sure that we shall be able to carry out your desire. I note that in the future you desire only the monographs on ancient numismatics and we shall try to observe your preference. I hope you will bear with us, however, if we slip up.

Very sincerely yours,
